## ABOUT ME

Esports Operations and Data Specialist with a Computer Science background. Proven experience in managing regional tournament structures (APAC/SEA) and maintaining large-scale competitive databases as a Lead Liquipedia Editor. Skilled in using Python and Advanced Excel to automate league standings, ranking systems, and data verification. Ready to leverage technical and operational expertise to build and manage professional esports leagues efficiently.

## SKILLS

### League & Tournament Ops

- Tournament Format Design
- Rulebook Drafting
- Bracket Management
- Dispute Resolution

### Data & Tech: Python (Automation & Ranking Algorithms)

- Advanced Excel
- Liquipedia Standards
- SQL Basics

### Tools

- OBS Studio
- Challonge/Battlefy
- Google Workspace (Advanced Sheets/Forms)

### Soft Skills

- Stakeholder Communication
- Crisis Management
- Adaptability

## INTERESTING

- **Music Production:** Produce original musics under alias "PadPrikGaengGai"
- **Competitive Analysis:** Passionate about analyzing global esports tournament formats and ranking logic (FPS & MOBA).
- **GeoGuessr Community:** Founder of the Thai community, organizing international events.

## EDUCATION

- 2020 - 2024 | King Mongkut's Institute of Technology (Computer Science)
- 2015 - 2020 | Chumsaeng Chanutid School (Math-Sci)

## PERSONAL PROJECTS

- Developed a **Web-based Ranking System** using Colley Matrix logic to generate real-time standings for large-scale competitions
- Created a **Match Outcome Simulator** using ELO logic to test tournament formats and predict scenarios before implementation.
- Designed Custom APIs to sync tournament results from Google Sheets to public leaderboards automatically.

## LANGUAGE

Thai : Native

English : Intermediate English

## WORK EXPERIENCE

### Geoguessr Thailand Discord (Jan 2024 - Present)

Role : Community Manager & Tournament Organizer

- Directed end-to-end operations for 5+ major online tournaments (SEA & APAC level) with over 70 international participants, handling scheduling, brackets, and rule enforcement.
- Drafted and enforced comprehensive tournament rulesets (Rulebook) to ensure competitive integrity and resolve disputes professionally.
- Secured and managed the community's first sponsored tournament (SOOP), overseeing deliverables and broadcast production.
- Directed live broadcast operations for major tournaments using OBS Studio. Managed scenes, overlays, and coordinated with casters to ensure a professional viewing experience equivalent to industry standards.

### Liquipedia Editor (2021 - Present)

- Oversaw the accuracy of tournament data for the APAC region (PUBG, Valorant, GeoGuessr), ensuring up-to-date standings, match results, and player transfers for the global community.
- Structured and standardized tournament pages for regional leagues, serving as a reliable data source for organizers and broadcasters.
- Coordinated with international contributors to verify match outcomes and maintain data integrity across multiple esports titles.

### KMITL Esports Club (2021 - 2024)

Role: Club President (2022 - 2024)

- As Club President, developed and implemented tournament regulations for multiple university-level events (e.g., KMITL Invitation Series Valorant).
- Directed all operational aspects of club tournaments, including acting as the lead arbiter for player disputes and rule infringements.
